

Editor's Comment:

I checked the revised manuscript and reviewers' comments. The author addressed all comments, but there are still some corrections to be made. Please correct the mistakes listed below:

The subsection "Relative Importance Index" should be subsection 10, and please correct the number order for the following sections.

Please correct Table 3 as it is not readable.

- Correct the reference of Johnson & LeBreton as their paper was published in 2004, not 2024.
- Please show in the article that you have cited paper from "Mba, E. J., Okeke, F. O., Igwe, A. E., Onyia, S. C., Okonta, D. E., Onyia, C. D., ... & Okwudiafor, I. F. (2024). Lucrativeness of the business of architecture: The professional's view. In *E3S Web of Conferences* (Vol. 563, p. 02023). EDP Sciences." I could not find where this paper was mentioned in the article.
- Please provide the reference of Kwami et al. 2022, which the author has cited many times in the text. This reference is not included in the reference list.
- Please include more recent literature (at least 3) which were published in the last 5 years.

I would suggest to return the manuscript to the author for correction before can consider accepting the manuscript for publication.
