<b>Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.</b>	This manuscript is significant for the scientific community as it highlights the potential of short films as an effective educational tool for promoting menstrual health and hygiene among adolescent girls. Its experimental design provides valuable insights into how audiovisual media can improve knowledge and encourage positive practices, particularly in underserved populations. The use of statistical analysis strengthens the findings, making it a useful reference for future interventions in health education. The focus on a critical, yet often stigmatized, topic adds further relevance, contributing to both public health and media studies.
