

[Review Form2](#)

Book Name:	Current Research Progress in Agricultural Sciences
Manuscript Number:	Ms_BPR_3418
Title of the Manuscript:	The Effects of Organic Liquid Fertilizer (Vegetable Waste) on Moisture Retention, Soil Physical Properties and Yield of Lettuce (<i>Lactuca Sativa L.</i>) Grown in the Malkerns Area, a Region in the Kingdom of Eswatini
Type of the Article	Book chapter

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This research has the potential to significantly impact the scientific community and, more importantly, provide valuable insights to both local and international lettuce farmers.	
Is the title of the article suitable? (If not please suggest an alternative title)	YES!	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is excellent, providing a clear and concise overview of the research.	
Are subsections and structure of the manuscript appropriate?	YES!	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The manuscript demonstrates a strong foundation in scientific rigor and technical accuracy. The research question is well-defined, the methodology is sound, and the data analysis is thorough. The findings are presented clearly and supported by robust evidence. The discussion effectively interprets the results and places them within the broader context of the field. In general, the manuscript is a valuable contribution to the scientific community.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	To strengthen the scientific basis of this manuscript, it is recommended to incorporate more recent references.	

Review Form2

Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	In term of English language the manuscript is fine!	
Optional/General comments	This is an excellent manuscript that provides groundbreaking insights for the lettuce farming community. It is well-written, informative, and has the potential to significantly impact the industry.	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes. Kindly please write down the ethical issues here in details)</i>
