

[Review Form 3](#)

Book Name:	Recent Developments in Chemistry and Biochemistry Research
Manuscript Number:	Ms_BPR_3963
Title of the Manuscript:	Ascorbic acid dualism in Musca domestica larvae
Type of the Article	Book chapter

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The research is very important since it demonstrates the biphasic effect of ascorbic acid <i>in vivo</i> . This knowledge reiterates the benefits (antioxidant) and exposes the pro-oxidant effects of the pharmacological agent. This information underscores the need for meticulous dosing of ascorbic acid by the clinical community.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title is appropriate	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is comprehensive and does not require any alteration	
Is the manuscript scientifically, correct? Please write here.	The manuscript is scientifically accurate	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The reference list is adequate with approximately 48% of them being recent	
Is the language/English quality of the article suitable for scholarly communications?	The use of English language is satisfactory	
<u>Optional/General</u> comments	The work is generally very good with excellent literature review and extensive laboratory work in the subject area. The discussion is quite impressive and the significance especially in clinical practice cannot be overemphasised. However, a few corrections in the manuscript which have been indicated should be effected.	

PART 2:

	<u>Reviewer's comment</u>	<u>Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</u>
<u>Are there ethical issues in this manuscript?</u>	<u>(If yes, Kindly please write down the ethical issues here in details)</u>
