

Review Form 3

Book Name:	Recent Developments in Chemistry and Biochemistry Research
Manuscript Number:	Ms_BPR_3963
Title of the Manuscript:	Ascorbic acid dualism in Musca domestica larvae
Type of the Article	Book chapter

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The title seems suitable	
Is the title of the article suitable? (If not please suggest an alternative title)	-	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract provides a good overview of the study, summarizing the experimental design and main findings. However, it would benefit from a brief mention of the specific implications of the results in the broader context of oxidative stress and potential therapeutic applications.	
Is the manuscript scientifically, correct? Please write here.	The manuscript appears scientifically correct, with a clear focus on measuring and analyzing antioxidant enzyme activity. The explanations are consistent with current knowledge in the field of oxidative stress and enzymology. The methodology and interpretations seem appropriate and sound.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	No	
Is the language/English quality of the article suitable for scholarly communications?	The language quality is suitable for scholarly communication, although some sentences could be more concise. Overall, the article is well-written, but minor revisions for clarity and flow might enhance readability.	
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Are there ethical issues in this manuscript?</u>	<u><i>(If yes, Kindly please write down the ethical issues here in details)</i></u>
