

[Review Form 3](#)

Book Name:	Science and Technology: Developments and Applications
Manuscript Number:	Ms_BPR_3991
Title of the Manuscript:	Thermal Assessment of a New Bio-Based Insulation Material from Waste Rice
Type of the Article	Book chapter

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This field of insulating material is an important field but the manuscript is quite a primary investigation with basic analysis. It should have more deep analysis rather than focusing on only thermal parameters.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title is very basic but could be improved by including the specific waste rice (grain, husk, stem).	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract of the paper should be more detailed about the points on New material type, methodology and outcome.	
Is the manuscript scientifically, correct? Please write here.	Although the paper is scientifically valid.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	All references are old, and not a single paper has been recently published. Research is lacking good recently published papers.	
Is the language/English quality of the article suitable for scholarly communications?	English language is basic having few grammatical error, which need to be corrected.	
<u>Optional/General</u> comments		

PART 2:

	<u>Reviewer's comment</u>	<u>Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</u>
<u>Are there ethical issues in this manuscript?</u>	<u>(If yes, Kindly please write down the ethical issues here in details)</u>
