

BPI Review Form 070520

Book Name:	<u>New Visions in Medicine and Medical Science</u>
Manuscript Number:	Ms_BP_3867G
Title of the Manuscript:	Utilization of Maternal Health Services in Western Ethiopia: A Community-Based Cross-Sectional Study
Type of the Article	Book chapter

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(If agreed with the reviewer, correct the manuscript and highlight that part in the manuscript. Authors must write his/her feedback here)</i>
Is the manuscript important for the scientific community? Please write a few sentences explaining your answer	Yes , if done well . the content does not reflect the topic title. The topic seems to navigate on the utilization of maternal health services and its determinants but yet no results from the findings on the topic titles. It will be good if the study can unfold the availability and the extent of utilization of maternal health services to inform health care policy intervention	
Is the title of the article suitable? Do you have any alternative Title in your mind?	Determinants and Utilization of Maternal Health Services in Western Ethiopia: A Community-Based Cross-Sectional Study	
Is the abstract of the article comprehensive? If your answer is No, please provide suggestions	Nil , the abstract does not comply with IMRAD Format. Let the abstract strictly introduce the reader to the topic title, then clearly state the Methods and Instrument used whether adopted or adapted, then results and conclusion etc,	
Do you think the English quality of the article is suitable for scholarly communications? If your answer is No, please provide suggestions	Fair	
Please provide your comments regarding the appropriateness of different sections of the manuscript.	The different sections need to be revisited to capture the main contextual information with justification from the previous studies	
Do you think that the references in the manuscript are proper, recent and sufficient? If you have any suggestions, please write here.	Fairly well	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
