Manuscript Number:	<b>Ms_BPR_151</b>
Title of the Manuscript:	<b>Typical Carcinoid of Lung – Rare Case with Review of Literature</b>
Type of the Article	<b>Book chapter</b>

**PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(If agreed with the reviewer, correct the manuscript and highlight that part in the manuscript. Authors must write his/her feedback here)</i>
Is the manuscript important for the scientific community? Please write a few sentences explaining your answer	Yes, it is important because the lung carcinoid is another medical term that existed but it has not yet been discovered profoundly until now. It will be a very interesting topic to grasp on.	
Is the title of the article suitable? Do you have any alternative Title in your mind?	Yes, the title already describes the content of the writing.	
Is the abstract of the article comprehensive? If your answer is No, please provide suggestions	It is comprehensive and gives the reader the whole picture of the whole story.	
Do you think the English quality of the article is suitable for scholarly communications? If your answer is No, please provide suggestions	The English proficiency is quite good despite the technical and medical terms being used for describing the actual events in the medical world.	
Please provide your comments regarding the appropriateness of different sections of the manuscript.	The different sections of the manuscript are quite brief but they capture the attention of the readers to have a brief and good look on the topic.	
Do you think that the references in the manuscript are proper, recent and sufficient? If you have any suggestions, please write here.	The references and sources of information are accurate and the citations are well described of the topic.
