**PART 1: Review Comments**

<u>Compulsory</u> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The manuscript is good for improving the economic and environmental reality because using tree waste in important matters such as construction is important for the individual and the environment.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The idea of the manuscript is good, but I think that the work is incomplete due to the researcher not relying on an experimental design from the beginning of the experiment and not subjecting the results to statistical analysis, which is considered a defect in the results obtained by the researcher.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references are very old. Even if the manuscript was published a long time ago, the researcher must update the references when trying to publish them in a modern book	
<u>Minor</u> REVISION comments
