Manuscript Number:	Ms_BPR_3846
Title of the Manuscript:	21st Century ict: A must for Students and Teachers
Type of the Article	Complete Book

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	1st-century ICT skills are indispensable for both students and teachers. For students, they empower them to become digital citizens, critical thinkers, and creative problem solvers. They can access vast information, collaborate with peers globally, and develop essential skills for the future workforce. For teachers, ICT tools enhance their teaching methodologies, making learning engaging and interactive. They can personalize instruction, track student progress, and foster a dynamic and innovative learning environment. By embracing ICT, educators can prepare students to thrive in the rapidly evolving digital age.	
Is the title of the article suitable? (If not please suggest an alternative title)	YES	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The information provided are sufficient	
Are subsections and structure of the manuscript appropriate?	YES	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	21st-century ICT skills are essential for both students and teachers. Research has shown that integrating ICT into education enhances student engagement, critical thinking, and problem-solving abilities. Students gain access to a wealth of information, collaborate with peers globally, and develop digital literacy skills crucial for the modern workforce. For teachers, ICT tools facilitate personalized learning, enhance instructional strategies, and promote effective communication. By leveraging technology, educators can create dynamic and innovative learning environments that prepare students for the challenges and opportunities of the digital age.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	SUFFICIENT	

Review Form2
