

Review Form3

Book Name:	Newer Frontiers in Urology
Manuscript Number:	Ms_BPR_3899.9
Title of the Manuscript:	APPROACHES TO EMPHYSEMATOUS PYELONEPHRITIS: UNRESOLVED QUESTIONS AND MANAGEMENT PREDICAMENTS
Type of the Article	Book chapter

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This manuscript shows importance of Approaches to Emphysematous Pyelonephritis and management with treatment of EPN patients. This manuscript plays an important role in understanding pathogenesis, management and prevention of EPN infection and its complications, morbidity and mortality in human beings. Definitely, I like this manuscript because this will help in decreasing EPN infection in Indian populations which suffer from kidney disease with underlying risk factors.	
Is the title of the article suitable? (If not, please suggest an alternative title)	YES,	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	YES	
Is the manuscript scientifically correct? Please write here.	Overall, this manuscript is likely to be real and authentic. I think study material and questions with their answers are important aspects for a scientifically robust and technically sound manuscript.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	YES	
Is the language/English quality of the article suitable for scholarly communications?	YES	
Optional/General comments
