

Review Form3

Book Name:	Contemporary Research and Perspectives in Biological Science
Manuscript Number:	Ms_BPR_3911
Title of the Manuscript:	Role of central channel on catalytic activity of Scytalidium catalase
Type of the Article	Research paper

PART 1: Comments

	Reviewer’s comment	Author’s Feedback(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Yes the manuscript is important from the point of effect of catalase on Scytalidium	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract must include significance of the work.	
Is the manuscript scientifically, correct? Please write here.	Yes	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The authors must include recent references.	
Is the language/English quality of the article suitable for scholarly communications?	The English language is good.	
Optional/General comments	1) The abstract must include significance of the work. 2) The methodology must be explained in detail. 3) The discussion section is very poor. It must be improved. 4) The authors must include recent references.	

PART 2:

	Reviewer’s comment	Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
