At least, 80 to 100 no. of references are needed in this book. Author should incorporate more recent References like, 2024 and 2023.	

[Review Form 3](#)

<p>Is the language/English quality of the article suitable for scholarly communications?</p>	<p>Yes, the manuscript is completely scientifically correct.</p>	
<p>Optional/General comments</p>	<p>The book is well-organized, containing six chapters (Introduction to Natural Resource, Energy, and Environmental Management, Principles of Natural Resource and Energy Management, Environmental Issues, Solutions, and Policy Frameworks, Integrated and Community-Based Resource Management, Circular Economy and Renewable Energy Transition, Future Directions and Innovative Practices in Sustainability) with clear headings and subheadings. The approach ensures that readers can easily follow the information, which ensuring sustainability for future generations demands transformative approaches that integrate science, technology, governance, and community engagement.</p> <p>I have recognized the efforts the Authors have put into this work and the submitted manuscript is OK for 'Accept' after minor improve as pointwise.</p> <ol style="list-style-type: none"> 1. Chapter-1 i.e. 'Introduction to Natural Resource, Energy, and Environmental Management' part is very well written and appreciable. 2. This book is exceptionally well-crafted, informative and commendable. But, it would be great if the authors add at least one or two images into it. As for example Authors can add one or two images on various Renewable energy integration like, Solar energy, Wind energy, Hydropower, Biomass & bio energy and Geothermal energy. 3. Structure of sentences and grammatical usage are appropriate in every section and I appreciate that the author maintains their standard. 4. Please add few more recent references like 2024. At least 80 to 100 no.s of references are needed for this book. 5. Please Acknowledge if any. <p>Overall, I acknowledge the authors' efforts and believe the submitted Book is suitable for acceptance after minor revisions.</p>	

PART 2:
