PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Cancer prevention is a very important and much neglected topic in academia. The research in cancer prevention is very insignificant compared to research in management. Cancer prevention was always linked to lifestyle modifications rather than actual genetic research.	
Is the title of the article suitable? (If not please suggest an alternative title)	Not suitable Cancer prevention versus Cancer management.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract is not comprehensive. Addition of points regarding the authors ideas of how research in cancer prevention will be cost effective should be added.	
Is the manuscript scientifically, correct? Please write here.	Scientifically correct. The write up is superficial without any examples of concrete research happening in research on cancer prevention and that may be cost effective.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. =	Yes	
Is the language/English quality of the article suitable for scholarly communications?	Yes	
<u>Optional/General</u> comments	Manuscript requires additional research information to support author's point of views.
