PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This is a very informative and time demanding manuscript, as H Pylori is associated with MALT lymphoma, PUD and ITP. A simple and cost-effective strategy is helpful for eradication of H Pylori. Parents should be aware of their child's food habit also to reduce its occurrence.	
Is the title of the article suitable? (If not please suggest an alternative title)	Title can be changed as the cost of antibiotic therapy is not described in detail. The title can be: An Approach for the Hematologic Challenges of Helicobacter pylori in Children: A Cost-Effective approach of Parent's Behavior Towards Their Kids.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Some points about parents misbehaviour and cost of antibiotic therapy should be added.	
Is the manuscript scientifically, correct? Please write here.	Yes	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Recent references are missing here.
