<u>Optional/General</u> comments	I highly appreciate your hard work on this manuscript, but I have a few remarks: <ol style="list-style-type: none"> 1. Consider rewriting the abstract as a structured abstract. 2. Sort the keywords alphabetically. 3. The second paragraph in the introduction does not cite the references used. This can be detrimental to the author because it is considered to be writing opinions rather than facts. 4. Use the last 5-10 years of publication for journal references. Hope it helps to improve your manuscript's quality.
