Review Form3

Book Name:	Current Research Progress in Physical Science
Manuscript Number:	Ms_BPR_4113
Title of the Manuscript:	The principle of commensurability of conserved quantities as a basis for solving quantum mechanics problems using integer theory
Type of the Article	Book chapter

PART 1: Comments

Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write
	his/her feedback here)
This manuscript offers a novel approach towards an understanding of well established models. This may be of interest to members of the scientific community.	
Yes	
Yes	
Yes	
The references seem appropriate.	
There are a few grammatical errors and readability could be improved by a few minor changes. Grammar checking software may help with this.
