PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Write down the reasons why it is necessary to conduct this research. Has there been no previous research on microencapsulation of natural cantigi extract?	
Is the title of the article suitable? (If not please suggest an alternative title)	The title of the article is appropriate to the content. It would be better if in the introduction, the author included a picture or photo of the Cantigi plant.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is comprehensive.	
Is the manuscript scientifically, correct? Please write here.	The manuscript has been written in accordance with scientific principles.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. =	There were 34 references used. The most recent references (last 10 years, between 2014-2024) were 30 (88%). while the other 4 references (12%) were more than 10 years ago. So the references are quite recent and the author does not need to add any more references.	
Is the language/English quality of the article suitable for scholarly communications?	The English used is quite good.
