|                          |   |
|--------------------------|---|
| Book Name:               | <a href="#">Science and Technology: Developments and Applications</a>   |
| Manuscript Number:       | Ms_BPR_4187   |
| Title of the Manuscript: | Prospect and Provocation of Designing Sustainable Energy Supply Systems |
| Type of the Article      | BOOK CHAPTER  |

**PART 1: Comments**

|  | Reviewer's comment  | Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i> |
|--|---|---|
| Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part. | The article discussed Prospect and Provocation of Designing Sustainable Energy Supply Systems. The article believes that methods and instruments of technology assessment, TA for recognizing future potentials in the field of designing energy supply systems, appropriate strategies can be designed for trying to finally get sustainable energy supply systems |   |
| Is the title of the article suitable? (If not please suggest an alternative title)   | It is appropriate   |   |
| Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.      | The abstract can be improved with the problem statement, motivation, method and results properly stated and summarized.   |   |
| Is the manuscript scientifically, correct? Please write here.  | It is scientifically correct, however, authors need to create their own figures to better explain some of their contributions. Being a book chapter, authors should have more new figures. Authors should also include key data statistics as the manuscript doesn't contain much dataset.  |   |
| Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.                              | The references are okay but latest findings and references should be included and more.   |   |
| Is the language/English quality of the article suitable for scholarly communications?  | It is suitable  |   |
| <u>Optional/General</u> comments   |   |   |
