

Review Form3

Book Name:	Geography, Earth Science and Environment: Research Highlights
Manuscript Number:	Ms_BPR_4218
Title of the Manuscript:	THE SHEAR STRENGTH BEHAVIOUR OF YAMUNA SAND-A PRELIMINARY STUDY
Type of the Article	BOOK CHAPTER

PART 1: Comments

	Reviewer’s comment	Author’s Feedback(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimumof 3-4 sentences may be required for this part.	The manuscript tells about the shear strength behaviour of Yamuna sand. The direct shear test was conducted on Yamuna sand for dense and loose state of relative density and saturated state. In saturated state the angle of internal friction was found to be highest for Yamuna sand. Also dense state gives higher internal angle of friction among dense and loose state.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes it is suitable.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes the abstract is proper and comprehensive.	
Is the manuscript scientifically, correct? Please write here.	The manuscript is appropriate and scientifically corerect. The language of the paper is suitable.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. :-	Some more references are to be added and cited. (add another 7 to 8 references)	
Is the language/English quality of the article suitable for scholarly communications?	The language of the paper is suitable.	
Optional/Generalcomments	The paper is well written and contents of the paper are appropriate. Check the formatting of the paper.	

PART 2:

	Reviewer’s comment	Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
